सं. No. 225/3/2018-Wind-Part (1)

दिनांक 07.08.2018

No. Dated

To,

As per list attached.

Sub: Development of India's first 1.0 GW Offshore wind project off the coast of Gujarat-Reg.

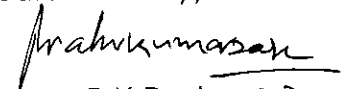

Sir,

I am thankful for your participation in the Expression of Interest for India's first one GW offshore wind project. The interaction held on 23rd and 24th July, 2018 at New Delhi was very fruitful and informative. We would consider your feedback while designing the tender document. As discussed, the wind data for eight months from LiDAR and the copy of the presentations by NIWE/Gujarat is uploaded on NIWE's website.

2. As you are already aware, the participation in the proposed tender for development of this project has been de-linked from the participation in the EoI, therefore any firm who would meet technical and financial criteria as defined in the tender document would be able to participate in the tender.

3. During presentations, the strategy likely to be followed by international firms was also discussed. In this regard, it is stated that, the Government of India follows transparent mechanism for bidding and selection of developers for projects. Accordingly, there is no need to engage any agent who may claim to facilitate doing business in India.

Yours sincerely,

P K Dash 07.08.18
